

Attention! This is not the final conference program. Session titles, time allocation, and schedule are still subject to changes.

Draft program for SCORAI EUROPE CONFERENCE 2025

Explainer: S = Scientific session, W = Workshop

Version 1 - 19 Jan 2025

April 8, 2025							
8:00	Registration						
9:00	Welcome speech						
9:20	Keynote - Prof. Frank Trentmann						
10:30	S1 - Consumption corridors: guaranteeing human wellbeing through upper and lower limits to consumption	S42 - Diversifying communication approaches for sustainable consumption: Strategies for inclusive messaging	S6 - Transformation pathways for food systems through direct selling and short food supply chains	S13 - Powering Transformation: Pathways to Mainstream Sustainable Energy and Low-Carbon Societies	S39 - Circular Consumption 1	W5 - Communicating Sustainable Consumption - Matchmaking to transfer knowledge and enable action	W12 - Systemic Innovation for Cyclic Consumption
12:15	Lunch						
13:15	S25 - At the Intersections of Influence: Exploring the Structure-Agency Nexus for Making Sufficiency a Habit in Consumption and Production Systems	S43 - Parenting & Family	S10 - Things becoming (sustainable) food: edibility, changing foodways and sustainable consumption	S18 - Charting the Course: Exploring Strategies and Pathways to 1.5° Lifestyles amid Deep Barriers to Transformation	S40 Circular Consumption 2	W9 - Arts and creative approaches to mainstreaming sustainable consumption	W17 - Conceptualizing Enough: Navigating the Sufficiency Landscape
15:00	Coffee break						
15:30	S37 - Sustainable Lifestyles	S4 - Eco-influencers: the best voices of sufficiency transition towards young people?	S35 - Food 1	S45 - EU 1.5° Lifestyles: Strategies and pathways to overcoming barriers to a transformation of lifestyles	S41 - Practice Theory & Sociology	W16 - Motivations Workshop: Mainstreaming Sustainable Living by Tapping Into Why People Adopt these Practices	W7 - Reflecting Sustainable Social Practices within RealWorld Lab Research and its Experiments
17:30	Poster session						
19:00	Evening mingle						

April 9, 2025							
8:00	S15 - Interventions toward circular consumption	S2 - Sustainable consumption and outdoor spaces: The role of urban nature for wellbeing in a warmer climate	S7 - Inclusion and Equality in Mainstreaming Sustainable Consumption	S47 - Social relations and sustainable lifestyles 1	S12 - Money can't buy it: reducing high consumption to unlock equity and wellbeing	W1 - Values for deep transformation -- moving beyond an extrinsic framing of sustainable consumption policy	W13 - Monitoring progress towards enabling net zero lifestyles
9:45	Coffee break						
10:15	S17 - Sufficiency-oriented consumption practices for a circular society	S23 - Public support for consumption-based policy	S32 - Over- and under-consumption: deviations and norms in sustainable heating	S48 - Social relations and sustainable lifestyles 2	S27 - Doing Less in Everyday Life	W18 - Facilitation of circular lifestyles of cities – results by the Interreg CENTRAL EUROPE NICE project	W4 - Digital Product Passports as the next sustainability revolution? Empowering consumers and increasing transparency within supply chains through innovative digital product labelling
12:00	Lunch						
13:00	Keynote - Manisha Anantharaman						
14:00	S29 - Social-ecological approaches to mobility	S26 - Promoting sufficiency - understandings, practices and reprogramming	S49 - Embedding sustainable consumption within just transitions to low carbon lifestyles	S8 - Living Labs and Thinking Labs to Mainstream Sustainable Consumption and Lifestyles: visioning, experimenting and co-creating solutions	S14 - Organising for strong sustainability - A case for sufficiency and regenerative practices	W14 - A Gap in the Green Jacket? Re-design, Re-use, Re-cycle: The 'Kleiderherz Glonn' Project as a Social Tipping Point for Sustainable Community Transformation	W10 - Creating Empathy for Sustainable Action through creative-performative Methods
15:45	Coffee break						
16:15	S31 - Achieving Sustainable Transport	S34 - Policies for sustainable consumption	S24 - Everyday life and societal transformations: Inequality, agency and power in consumer society	S16 - Using case-studies to explore the complexity of implementing reuse, repair, recycling, and other approaches to reducing consumption	S28 - Strong Sustainability: exploring the hows	W3 - Pathways to transformative sustainability: Exploring demand reduction and systemic change for radically sustainable lifestyles	W8 - Theories and perspectives on change
18:00	<i>Independent meetings (projects, organisations, etc.); rooms can be pre-booked</i>						
19:00	Evening mingle						

April 10, 2025							
8:00	S19 - Digital Innovation, Systems of Provision and Sustainable Consumption	S5 - Framing Tensions & Visions of Sustainable Consumption	S11 - Governing a fair consumption space – how could we implement a more fair food environment?	S3 - The future of retail and consumption	S20 - Consumption-based climate and resource budgeting as a tool for socio-ecological planning	W6 - The Climate Puzzle - Experiences and Ideas for further mainstreaming 1.5°-lifestyles	W11 - Triggering Positive Tipping Points
9:45	Coffee break						
10:15	Keynote - Prof. Tim Jackson						
11:30	Lunch						
12:30	S21 - The impact and potential of digitalization for sustainable consumption	S46 - Communicating Sustainable Consumption - Crosspollination to transfer knowledge and enable action	S30 - Sustainability, Sufficiency and Consumption in the East: Could Asia lead the way?	S9 - A Post-Growth Society - Pathways to Sustainable Wellbeing?	S44 - Simplifying Sustainable Living: Target Mapping, Measuring and Quantifying Environmental Impacts through Sociological-Environmental Impact Assessment Integration	W15 - Community Transitions and Sustainable Consumption: Bridging the gap between Global South and North	W19 - Demystifying the process of academic publication for early-career researchers
14:15	Coffee break						
14:45	S33 - Fashion	S50 - Towards New Ventures for Education for Sustainable Consumption	S36 - Food 2	S22 - Sufficiency business models: Fashion sector case studies	S38 - Measuring Sustainable Consumption	W15 - Community Transitions and Sustainable Consumption: Bridging the gap between Global South and North	W2 - Play a co-creation game for circular business model innovation
16:30	Good bye speech						
17:00	End of conference
